A large, stylized basketball graphic is centered on the page. The basketball is white with a thick black outline and is divided into four equal quadrants by a vertical and a horizontal black line. The top-left quadrant contains the number '7', the top-right contains '8', the bottom-left contains '7', and the bottom-right contains '9'. In the center of the basketball, the word 'BASKETBALL' is written in a bold, black, sans-serif font. The background of the entire page is a bright yellow, decorated with a pattern of black, jagged, zig-zag lines that resemble a stylized sun or a textured surface.

A Look At Bryant College

A PLACE OF BEAUTY

Spread over 220 acres in the green hills of suburban Smithfield, Rhode Island, Bryant College appears a marvel of modern architecture. Designed with maximum flexibility, the campus buildings were planned to accommodate the changing and constantly updated education programs and social attitudes of our time. The setting, campus and ultra-modern facilities all contribute to an individualistic approach to education.

Bryant College was founded in 1863 in Providence, R.I. This was in response to an early demand for specialized training in commerce and finance. As a pioneer in business education on the collegiate level, Bryant has prepared thousands of young men and women over the past century for leadership responsibilities.

On Oct. 24, 1967, Earl S. Tupper, former president of Tupperware Company, made an outright gift of his 222-acre estate to the College. This gave Bryant the unique opportunity of building a new campus from the ground up.

The move to Smithfield in 1971 converted Bryant from an urban to a suburban college. The campus location offers individual students the best of two worlds — the serenity of a suburban campus, all within 15 minutes of Rhode Island's capital city, Providence.

A network of modern superhighways link the campus to the major turnpikes of New England. The campus is only 12 miles from Providence and 40 miles from Boston.

The 2,700-seat gymnasium is the hub of the College's athletic facilities. The gym contains student and faculty locker rooms, exercise rooms, saunas, plus facilities for basketball, volleyball, badminton and indoor tennis on its tarten surface floor.

Over 25 acres are devoted to outdoor athletic facilities with six tennis courts, a quarter-mile running track, and fields for varsity softball, baseball, soccer and a wide range of outdoor intramural activities.

Accredited degree programs include the four-year baccalaureate leading to Bachelor of Business Administration and Business Teacher Education; graduate programs leading to Master of Business Administration and Master of Public Service and two-year programs in Secretarial and Office Education leading to associate degrees.

A Message From The President

Dr. William T. O'Hara

December, 1978

Bryant College is proud of its excellent intercollegiate athletic program under the direction of Leon Drury and his outstanding staff. These men and women not only emphasize physical conditioning and athletic prowess but also stress matters of character and scholarship.

The varsity basketball team is an integral part of that program, and the Bryant community takes pride in its accomplishments.

W. T. O'Hara
President

A 1966 Springfield College graduate, he was captain of the 1965-66 Springfield basketball team, which recorded the best record in Springfield history, 20-4.

He appeared in the 1966 New England Hall of Fame All-Star game and was a member of the 1965 Springfield team that conducted a 62-day around-the-world good will tour on behalf of the U.S. State Department.

He served as assistant coach for a year at Springfield before becoming the athletic director and head basketball coach at Litchfield, Conn. High.

In two years at Litchfield his basketball team compiled a 36-8 record, highlighted by a berth in the title round of the 1969 Connecticut state championships.

He took over at Brown in 1970. The 18-2 mark posted by his 1972 team still stands as the best record in Brown freshman history.

This past August Drury conducted clinics in Brazil for two weeks as part of The Partners of the Americas organization promoting goodwill through sports.

Assistant Coach

Mike McGuinn

After serving one year as a part-time assistant, Mike joins the Bryant staff on a fulltime basis this season.

A member of the nationally ranked Providence College Friars for four years, 1967-71, he served as a player-coach for the Fort Monmouth service team for one year and coach the Berlin American High School team from 1972-1974.

Before joining the Bryant staff last season, he served as an assistant coach at Rhode Island College for two years.

He will take over the scouting and recruiting duties which Lee Drury performed for the past six years.

A Providence tradition since February 1979.

When Providence's Biltmore Plaza opens its doors in February, a tradition begins. We spent over \$12 million and 18 months restoring a hotel of charm and elegance. 1978-79 Bryant Cheerleaders

Bryant

Basketball History

Last year may have marked Bryant's first appearance in a post-season NCAA tournament; but it certainly wasn't the first time Bryant basketball had gained national attention.

As early as 1966, the Indian Hoopsters were gaining recognition as they posted 22 consecutive victories. It was the play of Bryant all-time scoring leader Tom Smile, which sparked that surge and marked the beginning of what has grown into one of the most successful college-division programs in the East.

Smile was the nation's leading college-division scorer for most of the 1965-1966 season as the Pawtucket, R.I. native set a Bryant season scoring record with a 33-point per game average.

Of course the schedule back then was a little different than the demanding slate facing the 1978-79 Indians. Only four of the teams the Indians faced in 65-66 are still on the Bryant schedule.

The Bryant basketball program actually received its start in the early 40's. Bryant teams, under the direction of former Brown University star Harry Platt, played several games each season against other small colleges in the Southern New England area.

World War II and the Korean Conflict curtailed most varsity activities until the mid-50's when the program was renewed. Several coaches directed the program until 1964 when Tom Duffy, a former schoolboy coach from Pawtucket took command.

Duffy coached the Indians through four victorious campaigns, highlighted by the 22-0 regular season mark and Bryants' first post-season tournament berth in 1967. That performance earned Duffy selection as the 1967 Rhode Island Words Unlimited Coach of the year.

Tom Folliard took charge of the Indians in 1968 and in nine years at the helm he posted one of the best win-loss marks in the New England collegiate ranks with 174 victories and only 88 setbacks.

During Folliard's tenure the Indians appeared in six post-season tournaments, highlighted by a victory in the title round of the NAIA regional tournament in 1975.

First year coach Lee Drury is well aware that he not only is faced with upholding a proud tradition, but also continue Bryant's rise to the top of the national NCAA Division Two ranks. It's no easy task, but Drury is ready and willing.

1978 - 79 Bryant Indians

The image consists of a solid yellow background. Overlaid on this background is the word "BRYANT" repeated multiple times. The text is rendered in a bold, black, sans-serif font with a thick outline. The words are arranged in a diagonal pattern, slanting upwards from left to right. Each word is slightly offset from the one above it, creating a sense of depth and repetition. The overall effect is a high-contrast, graphic design.
